# List of Zones for 2020 SSFRA Appointments

June 2020

# Making it a bit easier...

## **Zones**

The SSFRA recognises younger members are reliant on both public transport and the support provided by parents & guardians. To simplify this process and therefore make it easier to referee on a regular basis, the Appointments team offers Zones to support a referee's weekly availability.

A zone comprises a combination of grounds at which the Appointments team may allocate a cadet a match to referee. The grounds that make up a zone are selected based on proximity and are balanced based on the number of games played.

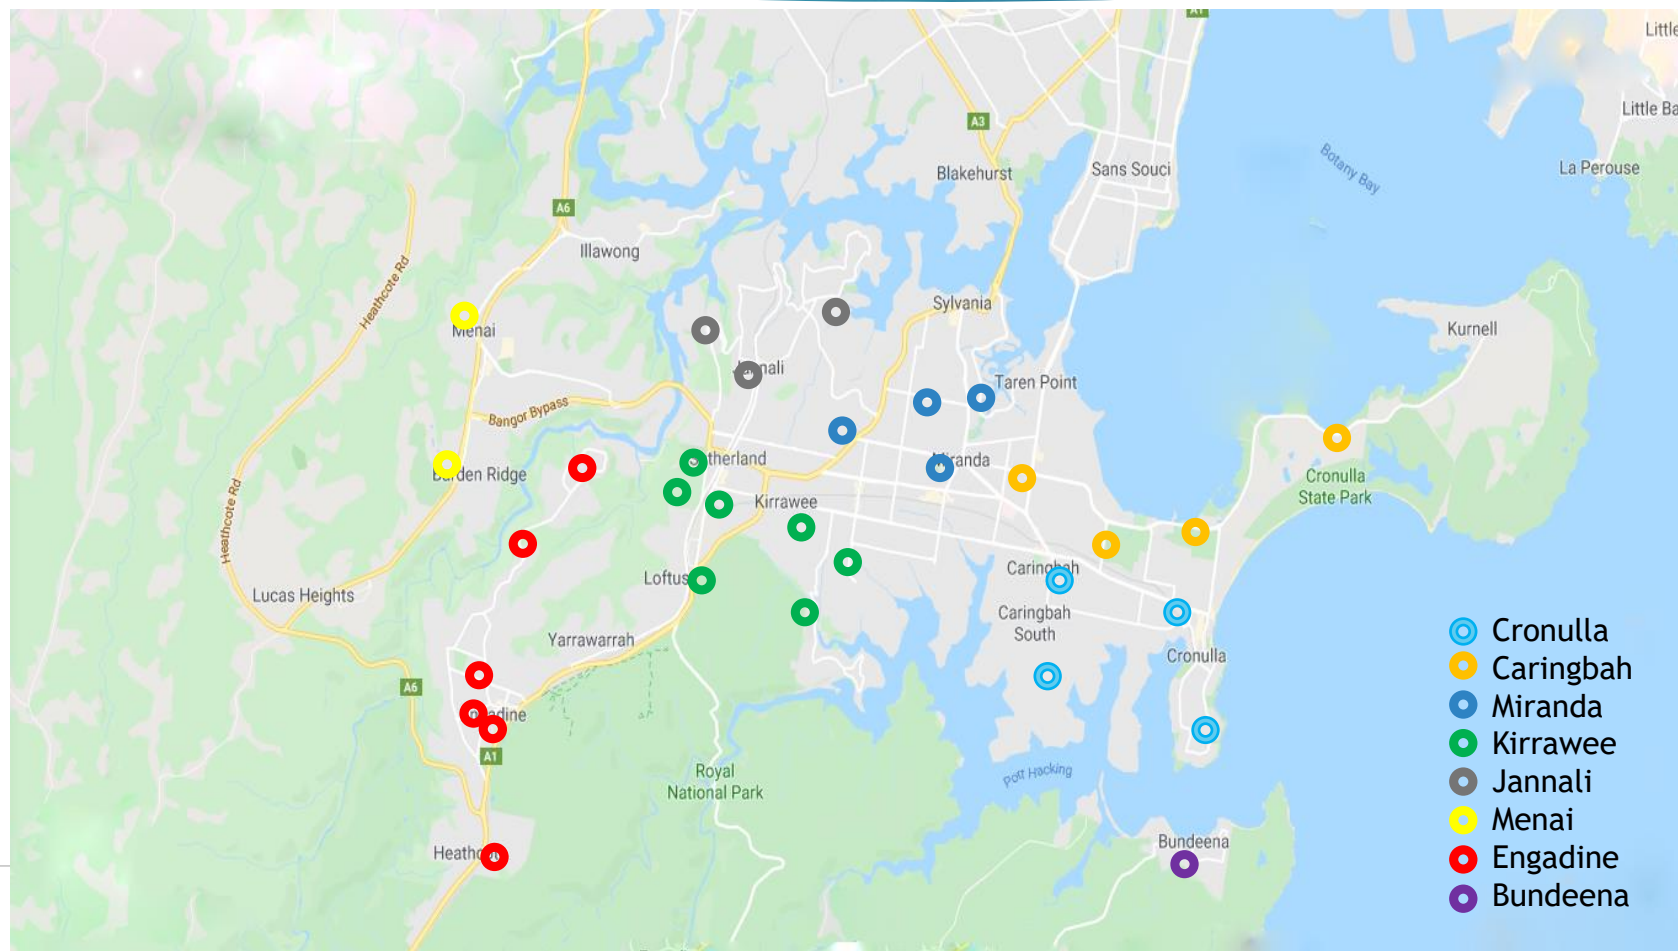

# 2020 Zones

South East (Cronulla area)	North East (Caringbah area)	North (Miranda area)	South (Kirrawee area)	Far SE Bundeena

# Important Notes to understand....

- Zones are predominantly offered to cadets only. Senior Members are able to apply to the Appointments Board for this benefit under certain circumstances.
- If you are also a player, the Appointments team may appoint you to the same ground as you are scheduled to play. This may be done as allocation of matches in your selected zones may be exhausted and therefore the Appointments team are making every attempt to get you a game to referee. If you cannot such appointment, please advise the Appointments team immediately.
- You can enter one or as many zones as you wish and edit as frequently as you require.

# Questions?

**For enquiries on zoning, please contact:**
